## CCPE Representatives Attend CCWEST Conference

In working towards common objectives, several representatives from CCPE's *Women in Engineering Advisory Group (WIEAG)* attended the recent *Canadian Coalition of Women in Engineering, Science, Trades and Technology (CCWEST)* Conference at Brock University in St. Catharines, Ontario.

CCPE, now on CCWEST's board of directors, looks forward to having the opportunity to share information with CCWEST and hopes its work with the coalition will help

women achieve a stronger presence in the engineering profession.

CCWEST, whose Web site is [www.cctest.org](http://www.cctest.org), is a national coalition of groups that promotes women in science, technology, engineering and mathematics and celebrates women's contributions to these fields.

If you would like more information on CCPE's WIEAG group, please visit the Women in Engineering page of the CCPE Web site at [www.ccpe.ca/e/prog\\_women.cfm](http://www.ccpe.ca/e/prog_women.cfm)

Regular updates of WIEAG's activities can also be accessed on the Members' Only section of CCPE's Web site.
