

2011 Engineers Canada-TD Insurance Meloche Monnex Scholarship Recipient *Daniel Lee, P.Eng.*

*Association of Professional Engineers,
Geologists and Geophysicists of Alberta*

*Master of Business Administration
Haas School of Business,
University of California, Berkeley*

D*aniel Lee, P.Eng., is undertaking a Master of Business Administration degree at the Haas School of Business at the University of California, Berkeley. With significant experience applying his electrical engineering skills in the energy sector, Daniel is looking to make a career shift. His desire to found his own company developing new medical devices and accessibility technology for disabled people and the aging population is personally motivated. Profoundly deafened in both ears by meningitis at age 3, Daniel received a cochlear implant at age 6. Creating tangible solutions to real problems and making a positive impact on people's lives are part of what he likes most about engineering. He believes that combining his engineering background with the business fundamentals and practical experience he will gain from his program will give him valuable knowledge needed to achieve his goals.*
